RAILWAYS.

(*Denotes that this work is advertised in Engineering News.)

PENNSYLVANIA.—Pittsburg & Lake Erie R. R. A branch from Martin, Pa., to the West Virginia state line is under consideration. J. A. Atwood, Pittsburg, Pa., is Ch. Engr.

✚MARYLAND.—Baltimore & Ohio R. R. Co.—The contract for a new classification yard at Curtis Bay, South Baltimore, Md., and for the third tracking between Green Springs and Patterson Creek, W. Va., about 7 miles, has been awarded to J. A. HART CO., 256 Broadway, New York.

NORTH CAROLINA.—Mattamuskeet R. R.—It is reported that an offer has been made to the state, by a syndicate, to build a 105-mile railroad from Washington, N. C., to Lake Mattamuskeet in exchange for right-of-way, terminal and dock facilities. An important drainage contract has recently been awarded which will add nearly 100 square miles to the farm lands of that part of the state.

✚KENTUCKY.—Louisville & Nashville R. R.—Contracts for grade revision, alinement and double tracking between Covington and Paris, Ky., have been let to the following: BOXLEY BROS. CO., Quincy, Ill; PATTERSON & GRIFFIN, Pittsburg, Pa.; HOUGH & SPRADLIN; C. J. McKINNEY and CALLAHAN CONSTRUCTION CO., Knoxville, Tenn.; J. H. FLICK CONSTRUCTION CO., Chicago; ROBERT GRACE CONTRACTING CO., Cleveland, Ohio, and PRICE CONSTRUCTION CO., Middleboro, Ky. W. H. Courtenay, Louisville, Ky., is Ch. Engr.

TEXAS.—Beaumont & Great Northern R. R.—This road, owned by William Cardisle, Atchison, Kan., is to be extended from Livingston to Beaumont, about 100 miles. An extension of the line from Trinity to Waco, about 150 miles, is also contemplated.

TEXAS.—Quanah, Acme & Pacific R. R. Co.—The seventh survey is being made for the proposed extension from Paducah, Texas, to El Paso via Roswell, N. M., a distance of about 450 miles. It is announced that the construction of this line will be started as soon as the route is finally located for the first 100 miles out of Paducah. It is a St. Louis & San Francisco project.

COLORADO.—Atchison, Topeka & Santa Fe Ry.—Press reports state that this company intends to do considerable double tracking in Colorado. C. A. Morse, Topeka, Kan., is Ch. Engr.

NEW MEXICO.—Paso, Sierra Nevada & San Francisco.—This recently incorporated company contemplates the building of a 750-mile line through the counties of Taos, Rio Arriba, Santa Fe, San Juan, Colfax and Union, in New Mexico, and the southern counties of Utah. H. S. Annamaker, Amistad, N. Mex., is Pres.; F. Hamm, Dallas, Tex., Vice-Pres.; J. Gill, Clayton, N. Mex., Secy. and W. P. Halliday, Fort Worth, Tex., Ch. Engr.

CALIFORNIA.—Southern Pacific Co.—The electrification of the line between Riverside and Colton, as well as the electrification and double tracking of its line between Pasadena and South Pasadena, is contemplated. W. Hood, San Francisco, Cal., is Ch. Engr.

NOVA SCOTIA.—Intercolonial Ry.—Press advices are to the effect that the Dominion Government has located the following branch lines and bids for the construction will be called in the near future:

Dartmouth to Deans, 73 miles; Sunny Brae to Guysborough and Country Harbor, 80.5 miles, and from Alba to Baddeck, on Cape Breton, 22 miles. W. B. McKenzie, Moncton, N. B., is Ch. Engr.

✚ALBERTA.—Canadian Northern Ry.—Press advices state that TOBIN & WHITE, Missoula, Mont., have been awarded the contract for a 410-mile section taking the line into the Peace River section.

ALBERTA.—Hudson Bay Ry.—Bids will be received until Aug. 1 by the Department of Railways and Canals, Ottawa, Ont., for the construction of the "Hudson Bay Ry." from Pas Mission to Thacket Portage, 185 miles. Noted June 1.

MEXICO.—Mexico North-Western Ry.—The extensive construction plans of this company, which were seriously interfered with by the recent revolution, will now be carried out, according to advices received from Dr. F. S. Pearson, chairman of the board, who has been in London for some time conferring with the owners of the property. Even during the revolutionary troubles the work of constructing the extension of the line from Nueva Casas Grandes to Madera, 121 miles, was carried on without interruption, and this division will soon be finished and in operation. It will mean the establishment of a new railroad between Juarez and Chihuahua, 479 miles. In furtherance of the plan of rounding out the system a line will be constructed from Minaca west to Tonichi, about 100 miles, with a branch line from El Tigre to the Pacific port of Agiabampo, about 125 miles. At Tonichi the branch line will connect with the Yaqui River division of the Southern Pacific. From a point about 60 miles north of Madera a branch line will be constructed northwest to Agua Pireta, opposite Douglas, Ariz., about 120 miles. B. H. Bryant, Chia, Mex., is Ch. Engr.

ELECTRIC RAILWAYS.

(✚*Denotes a contract awarded.*)

BOSTON, MASS.—It is announced by Pres. Mellen, of the New York, New Haven & Hartford R. R., that the old Boston, Revere Beach & Lynn narrow gage railway will be electrically equipped if the Legislature passes the B., R. B. & L. and New Haven harbor tunnel bill. B. T. Wheeler is Constr. Engr.

HAMPSHIRE, ILL.—A railway is proposed here, and it is stated plans are being considered. T. E. Getzelman, J. E. Reid, A. A. Baker and Hiram Gilkerson are interested.

STERLING, ILL.—The Sterling, Dixon & Eastern Electric Ry. Co. is planning to rehabilitate its system.

✚MUSCATINE, IOWA.—A contract for grading the section between Blue Grass and Muscatine, which includes the removal of about 300,000 cu. yds. of dirt, has been awarded to YALE & REGAN, Chicago, Ill. This is part of the line to Davenport.

DULUTH, MINN.—Application for a charter has been made in Minnesota to build a 4½ mile railway in Duluth. Charles P. Craig, J. G. Williams, A. M. Marshall, Chester A. Congdon, M. H. Alworth, John Millen, Joseph B. Cotton, D. F. Cole, I. L. Washburn, Luther Mendenhall, D. B. McDonald, W. H. Cole, A. M. Chisholm and Dr. W. H. Magie, all of Duluth, it is stated, are the incorporators.

MEXICO, MO.—A 63-mile railway, extending from Jefferson City, by way of Columbia, to Mexico, is reported under consideration by the North Missouri Central Ry. Co. A branch line of 39 miles is also contemplated to connect Columbia and Moberly.

SPRINGFIELD, MO.—The Springfield & Western R. R. Co. have made preliminary surveys, but contracts have not yet been awarded for the construction of this 90-mile electric railway to connect Springfield, Nichols, Halltown, Paris Springs, Mount Vernon, Hoberg, Freistatt, Monett, Pierce City, Wentworth, Diamond, Joplin and Springfield. A bond issue of $1,500,000 has been authorized. H. D. Mackay, Springfield, is Pres.; I. N. Smith is Vice-pres., J. I. Woodfill is Secy. and Supt., J. P. McCammon is Atty., and M. M. Hollenbeck, Springfield, is Ch. Engr.

HOUSTON, TEX.—Dr. Samuel F. George, Dayton, Ohio, is making an inspection of the section which lies within a radius of from 20 to 40 miles of Houston for the purpose of building an interurban system. Gasoline motors will be used.

WACO, TEX.—J. F. Strickland, of Dallas, Pres. of the Southern Traction Co., has submitted a proposition to the people of Waco looking to the construction of an interurban electric railway between this city and Waxahachie, about 65 miles. He asks that the people of Waco take $150,000 of stock of the company and donate the right of way through the county. The estimated cost of carrying out these plans, which include the taking over of the local street railway system and the construction of a bridge across the Brazos River, will be about $1,000,000.

WAXAHACHIE, TEX.—The City Council has granted the Stone Webster Engineering Corporation, of Boston, Mass., a 50-year franchise for the construction and operation of an electric street railway line over certain streets. The local system is to be a part of the interurban electric line that the company will construct between Dallas and Waxahachie, 30 miles.

TACOMA, WASH.—Preliminary plans have been completed and right of way secured for the construction of a line from Tacoma to the Straits of Juan de Fuca.

This is part of a plan to connect Stockton, Modesto, Atlanta, French Camp, Turlock and Merced by a railway. K. C. Brueck, Stockton, is Pres.

A NEW ELECTRIC RAILWAY IN CUBA.

Mr. Hugh John Reilly, Jr., Cienfuegos, Cuba, informs us that a concession has recently been granted by the Cuban Government to the Cienfuegos, Palmera & Cruces Electric Power & Ry. Co., to construct approximately 450 kilometers of railway, to build dams, impound water and generate electricity. The railway will have numerous branches to various sugar plantations on the South side of the Island and will touch at the following points: Rodas, La Isabella, Santa Clara, Caribarien, Salamanca, Placetas, Nazarene, Fomento and Zaza. Included in the concession is the right to use the public highways and condemn private property where necessary. The concession further grants the use of all public waters on the Hanabanilla and Negros Rivers, where a hydro-electric plant will be erected to furnish motive power for the railway. No duties are to be levied on machinery or supplies used in the operation or construction of this road. The President of the company, Mr. Bruno Diaz, is a tobacco merchant of Havana.

Mr. Reilly, General Manager of the company, is now in New York, and will probably stay here until the middle of July. The object of his visit is to secure quotations and supplies on the various materials to be used in the construction of this road, as the work will be started at once. The company will purchase the contractors' equipment and contract for the labor. The railroad will be of standard gage to be used for freight and passenger. It will probably be five years in building. The water power development will include a concrete dam 1,000 ft. long, 75 ft. high with a storage capacity of 100,000,000,000 gals.

Catalogs of railway material, contractors' supplies and engineering equipment are wanted and may be addressed to Hugh John Reilly, Jr., Cienfuegos, Cuba.

LIGHT AND POWER PLANTS.

(*Denotes that this work is advertised in Engineering News.)

The WESTINGHOUSE ELECTRIC CO. secured contract for meters and transformers, and F. W. NEWBERRY ELECTRIC CO., St. Louis, was awarded the contract for outside wiring. The total cost will be about $23,000.

AUSTIN, TEX.—After an agitation covering a period of several months two propositions were formally submitted to the City Council on June 1 for the reconstruction of the Colorado River dam here and the installation of a hydroelectric plant. Cogan Co., New York, offers to build a hollow concrete dam 60 ft. above low water, utilizing the part of the old dam that remains intact. It agrees to install four 1,000-HP. generators; four 1,000-HP. turbines; to construct a 10,000,000-gal. reservoir near the site of the dam and install two 6,000,000-gal. a day centrifugal pumps to keep the reservoir filled. The company reserves the right to use all the salvage left from the old plant. It guarantees a minimum of 1,000-HP. per hour of electrical energy, all power generated to belong to the city. It agrees to operate the plant for a period of 20 years and guarantees to repair all damages that may occur from time to time. The cost of the works is to be $1,250,000. The Hydraulic Properties Co., through its president, William D. Johnson, Hartford, Conn., proposes to build a dam of hollow concrete construction, to be not less than 65 ft. high. It will begin work within 60 days from the granting of the franchise and finish the dam within two years. The company agrees to operate the plant for a term of 26 years and to indemnify the city for all loss by leakage, etc., unless caused by earthquake. In case of breakage of the dam the city is to be absolved from further payments. The company agrees to install three turbines, aggregating 6,000 HP.; to construct a reservoir of 10,000,000 gal. capacity and equip with two pumps of 6,000,000 gals. daily capacity, and to maintain a constant supply of not less than 5,000,000 gals., in the reservoir. It will furnish 450,000-KW. hours of energy monthly to the city without cost; all above that to be the property of the company, but it is stipulated that it shall not dispose of it outside of Austin. The works under this proposition are to cost $1,400,000, which is to be paid by the city.

✚BALLINGER, TEX.—The contract for the erection of a reinforced-concrete power-house building here has been let by the city to the SHERWOOD CONCRETE & PAVING CO., at $5,950. The plant will be equipped with modern machinery.

WAXAHACHIE, TEX.—The Waxahachie Gas Co. has been formed here with a capital stock of $125,000 for the purpose of installing a gas plant and distributing system. The incorporators are Roy Conally, E. H. Griffin, of Waxahachie; Raymond St. John, Herbert St. John, William Utley and Oliver Lau, of Detroit, Mich.

CUSTER, OKLA.—See item under Water Supply—Irrigation.

GUNNISON, COLO.—Bids will be received about July 1 for the purchase of $90,000 bonds, to be used for the construction of a water-power plant to furnish water and power for domestic and commercial purposes. M. J. Schmitz is Town Clk.

✚BOISE, IDAHO.—The Secretary of the Interior, Washington, D. C., has awarded a contract to the STANDARD UNDERGROUND CABLE CO., Perth Amboy, N. J., for furnishing copper wire for use in connection with the Boise Irrigation project, Idaho, at $56,197.
